#### **Classes to be held for Allsteel, Knoll, and Teknion LLC Dealers**

As dealer principals continually assess their operating costs, sales process, and how to satisfy their customers profitably, it's important to have a strong working knowledge of project management best practices.

Solomon Coyle's PM Training program simultaneously addresses dealer goals for margin protection, customer satisfaction, and retention. The program provides the necessary foundation project management teams need by teaching the fundamentals of analyzing, planning, and managing the client, the contract, and the project.

Solomon Coyle is currently accepting registrations for classes scheduled to begin the first week of June. Program details are available at <https://solomoncoyle.com/education/project-management/>. Questions can be addressed to [support@solomoncoyle.com](mailto:support@solomoncoyle.com).
