The Quarterly Market Intelligence Program (QMIP) is one of Solomon Coyle's most insight-rich subscriptions, combining multiple flagship offerings—research, forecasting, and personalized strategic guidance—into one cohesive experience.

Unlike individual reports or tools, QMIP uniquely integrates:

- Macroeconomic forecasting from ITR Economics
- Industry-specific reporting through State of the Industry and Market Outlook
- Direct application via quarterly 1:1 strategy sessions with Solomon Coyle leadership

What makes QMIP stand out?

- It's the only offering that blends national trends, dealer data, and strategic consulting in one subscription.
-

It provides not just data—but context, clarity, and custom guidance.

If you want consistent, forward-looking insight that connects the dots between what's happening and what to do next, QMIP is built for you.
