Upcoming Webinars: Leveraging Data for Better Business Decisions

In this webinar, Solomon Coyle Founder David Solomon and Head of Business Analytics John Joseph will give an overview of the latest research and business analytics and planning tools and discuss how to understand compensation best practices.

By the end of the session, you will have learned how Solomon Coyle's SCi³ (interactive intelligence and insights) analysis and planning tools make it easier to develop effective business strategies and make more effective business decisions and:

- Improve performance using financial benchmarking data and leveraging trending and business insights
- Develop scenario planning and staffing models utilizing the Budgeting Tool
- Design compensation plans

This session is recommended for CEOs, and Operations and Finance leaders. Questions and conversation are encouraged! We look forward to seeing you there.
